Bruna Hilbert

SOFTWARE DEVELOPER

I've always been interested in technology, and I've had many different experiences in this area. I studied Art Education, and I've learned that art and IT are connected because both require creativity. I think that programming needs creativity as well as technical knowledge. I have a multidisciplinary background, so I can look at IT challenges in a new way and come up with fresh ideas. I'm excited to keep learning and pushing the limits in the ever-changing world of technology!

WORK EXPERIENCE

02/2020 - 02/2022

Private German Family

HOUSEHOLD HELP

Stuttgart, Germany - For two years, I had the privilege of working as a household helper for a German family in Germany. This part-time role provided me with an excellent opportunity to immerse myself in the German language and culture. My day-to-day responsibilities were diverse, ranging from vacuuming the apartment to cleaning, washing dishes, and folding laundry. This experience taught me the importance of attention to detail, time management, and multitasking skills.

05/2015 - 04/2018

Feevale University

OFFICE ASSISTANT

Novo Hamburgo, Brazil - As an office assistant in the printing department at Feevale University in Brazil, I had the unique opportunity to support students and professors in navigating the intricacies of the university's printing system. My role encompassed a wide range of tasks, from answering emails and managing printing requests to troubleshooting any technical issues that arose. Through this experience, I honed my problem-solving and communication skills, and learned the importance of attention to detail in ensuring efficient and effective operations.

08/2013 - 05/2015

City of Campo Bom

ART TEACHER INTERN

Campo Bom, Brazil - During my studies, I completed an enriching internship as an art teacher in a kindergarten in Brazil. In this role, I had the responsibility of creating engaging lesson plans and supporting the development of the young children in my care. I worked with children aged from zero to six years old, fostering their creativity and imagination using a variety of artistic media. The experience taught me the importance of patience, adaptability, and creativity in working with young learners.

EDUCATION

2023

Career Foundry, Web Development

FULL-STACK WEB DEVELOPMENT

Germany - I'm currently refining my skills as a full-stack web developer through Career Foundry's comprehensive training program. With the guidance of a mentor with 5+ years of industry experience and a dedicated tutor, I'm learning

all of the essential skills, tools, and processes required to excel in this field by completing real-world projects.

SOFTWARE DEVELOPMENT (JAVA)

2022

Udemy, Software
Development

Germany - I started this online Java course out of my interest in programming. It's a beginner's course that covers all the important topics for anyone who wants to learn Java, such as object-oriented programming, control structures, databases, and so on.

DEUTSCH FÜR DEN BERUF

2022

Anglo-German Institute,
Language Course

Germany - The German language test for the profession measures language skills at level B2 of the Common European Framework of Reference for Languages (CEFR). This includes, for example, the ability to understand conversations, messages, and opinions in a professional setting. This achievement has not only broadened my cultural horizons, but also equipped me with the language skills necessary to thrive in a workplace.

VISUAL ARTS TEACHING

2017

Feevale University, Visual
Arts

Brazil - Course focused on the experience of creative processes, understanding the historical content and esthetics manifestations of the most varied forms of visual expressions, connecting the theory and practice of artistic languages. As a Visual Arts teacher, recognize the plastic processes, such as painting, drawing, sculpture, engraving, digital imaging and studies in the performing and musical arts, bringing the artistic languages and knowledge of the arts and education closer together.
